

Offshore Vodka

Point of Difference

- First to market high pH Alkaline Vodka.
- Patented product, no other supplier can produce Alkaline vodka.
- Reduces dehydration and acid build up while consuming alcohol.
- Double Gold award winner.
- LED lights included with every bottle.
- Reduces the "Hangover effect" while being extremely smooth with no harsh after burn.
- Healthy alternative.
- Naturally raised high pH.
- 100% Australian made and owned.
- Created using unique marine mineral alkaline infusion process.
- Bottled in the southern highlands of NSW.
- 5 times distilled from 100% Australian grown wheat.
- Full strength standard vodka with 40% alcohol.
- 100% natural & GMO free
- Better value as we use a 750ml bottle, most competitors use 700ml bottle.
