ABOUT US

Established in the year of 2000, we "Royal Equipment Co." are the leading Manufacturer, Trader and Supplier of all types of Kitchen Equipment such as Cooking Range, Bakery Range, Food Processor, Refrigeration System, Exhaust System, Hand Trolley, Dishwashing Equipment, Ice Cube Machine etc. We proudly present ourselves as the trendsetters in the market, as all our collected works in kitchenware & tools are of ace quality. Our material is designed by a group of brilliant designers who are well versed in the art of creating masterpieces from the sheets of metal.

As a team donning proficient experts, we work in close coordination with our customers; so as to systematize and present the ideal products as per their specific requirement. Our advance technical set-up enables us to produce an improved variety of products that meets the expectations of our respected clients. The fabrication is done using high grade factor inputs procured from only reliable and certified vendors of the market in compliance with international quality standards. Our rich gamut is appreciated by our clients due to superior quality, everlasting durability, sturdy construction, and longer shelf life globally. Our products are offered in various specifications in order to meet the variegated needs of the clients at affordable prices.

Based in New Delhi, (Delhi, India), our factory is fully equipped with all the modern design and production facilities based on latest techniques with quality checks at each stage of production which leads to highest standards, where each product is inspected individually before installation and dispatching. For the proper functioning, we have separated our infrastructure into different departments such as manufacturing, quality control, R& D, and warehousing & packaging departments. Further, we employ a team of dedicated professionals, who have immense expertise in their respective domains, for managing all our units. As an extension to our proceedings, we have segregated our team into various departments to expedite our processes, and thereby ensure smooth workflow.

We have successfully catered to the expectations of our customers and have gained their trust for life. The user friendly and innovative range of our commercial Kitchen Equipment is due to the effort of our highly efficient team. In order to achieve a high level of client satisfaction, these products are fabricated in tandem with the specifications laid down by the clients with the assured quality. With expansive support of our wide distribution network, we are supplying these products in well on time. Our ethical business policies, client centric policies and competitive price range have formed a huge client base for us in the market.
